

Voyagaire Houseboat Custom Provisioning

Provisioning is a convenience used by more and more houseboat charters each year. The hassle of shopping, portioning, organizing and most of the prep work will be avoided by using this program. The items will be selected from our Lodge stocks. Most meat is hand cut and salads are homemade. Quantities will be more than ample and the hospitality boat will restock if you should run short or think of any new items mid trip. All you have to do is show up and all the food you have chosen will be on the houseboat ready for you.

Packages can be customized to fit anyone's needs. If you require something not on the list, note the items needed on your sheet. To help with creativity a sheet is enclosed with menu ideas.

To fill out the provisioning mark the items you wish with the number of days the item is desired.

EXAMPLE: If you purchased a food package for six people for a week and want to have eggs three of the mornings put a 3 on the line and we will give you enough eggs for your party for three mornings.

 3 eggs

Beverage outfitting is also an option. A price sheet is enclosed. Please mark quantities desired.

To give you the best service we request the food inventory be completed and returned at least 14 days in advance of your arrival. We are happy to tailor the menu to suit special diets. Please call 1-800-882-6287 or e-mail info@voyagaire.com if you have any questions.
